Services, Medical Education & Research
5/1, Dr. Jivraj Mehta Bhavan,
Gandhinagar - 382010

18/11/18

Dear *Shri Abhay Jasani,*

Shrimad Rajchandra Hospital has been working in close partnership with the Government of Gujarat for the last several years, with enrolment in various Government Schemes for promoting Critical Mother and Child Care.

Your focussed involvement has added synergy to our combined efforts and helped in reducing the mortality and morbidity of new-born babies, infants and mothers.

The Infant Mortality Rate for Gujarat, which currently stands at 30 (as per SRS 2017) is one of the best in our country.

We appreciate your organization's support which has been critical in this achievement. The Government of Gujarat is hopeful of continuing with this mutually rewarding association.

Warm regards

Yours sincerely,

J. S. Ravi
(Jayanti S. Ravi)

Shri Abhay Jasani
President
Shrimad Rajchandra Hospital,
Dharampur.
